Accident Insurance

Offered through MetLife

Help protect yourself, your family, and your budget from the financial impact of unexpected injuries.

Accidents can happen when you least expect them. Even the best medical plans may leave you with unexpected expenses like deductibles, copays, extra costs for out-of-network care, and non-covered services. You may want to consider Accident Insurance if:

- You and your family have an active lifestyle
- Your children play sports
- Your medical plan has high deductibles or co-pays

Accident Insurance may supplement both health and disability insurance. A benefit payment can be used to pay for expenses that your health insurance doesn't cover – or it can provide additional financial support if a covered event causes you to lose income due to being out of work.

What's covered:

This plan provides a lump-sum payment for over 150 different covered events, such as:

- Fractures
- Dislocations
- Second- and third-degree burns
- Eye injuries
- Cuts or lacerations
- Broken teeth
- Concussions
- Skin grafts

Who's covered:

You and your family members are guaranteed¹ coverage as long as you are actively at work. There are no medical exams to take and no health questions to answer.

Coverage choices:

Coverage is available in a High or Low plan. The High plan covers costs at a higher reimbursement per service and event. For example, the Low plan will pay you \$75 for an Urgent Care visit and \$50 for up to two follow up visits per accident, whereas the High plan will pay you \$150 for an Urgent Care visit and \$100 for up to two follow up visits per accident.²

Health Screening Benefits³

MetLife will provide an annual benefit when enrolled in Accident Insurance of \$50 per calendar year, per person covered for taking one of over 40 eligible screening/prevention measures, including:

- Blood test to determine total cholesterol and/or triglycerides
- Mammogram
- Colonoscopy
- Dental Exam
- Routine Health Check-Up Exam

Pro tip: If you also enroll in MetLife's Critical Illness Insurance, you can double your benefit and apply the same screening to both plans!

Hospital Indemnity Insurance

Offered through MetLife

Help protect yourself, your family, and your budget from the financial impact of a hospital stay.

Hospital stays can be pricey and are often unexpected. Since most healthcare plans don't cover all expenses, taking steps to help protect yourself can make a big difference. Hospital stay services can add up and result in out-of-pocket costs beyond what your medical plan may cover—in addition to deductibles, copays, and expenses that come with out-of-network care.

This benefit may supplement both health insurance and disability insurance if an incident causes you to have expenses that your health insurance doesn't cover—including pre-existing conditions—or causes you to lose income due to being out of work.

What's covered:

This plan provides benefits for hospitalization due to accidents and sicknesses, including:

- Admission to a hospital
- Hospital stays
- Admission to an intensive care unit
- Intensive care unit stays
- Inpatient rehab unit stays
- Confinement Benefit for Newborn Nursery Care

Typically, a flat amount is paid for the day that you are admitted to a hospital and a per-day amount is paid for each day of a covered hospital stay, from the very first day of your stay.

Who's covered:

You and your family members are guaranteed¹ coverage as long as you are actively at work. There are no medical exams to take and no health questions to answer.

Coverage choices:

Coverage is available in a High or Low plan. The High plan covers costs at a higher reimbursement per hospital stay. For example, a hospital stay on the Low plan will pay you \$1,000 for admission and \$100 per day, where the High plan will pay you \$2,000 admission and \$200 per day.²

Disaster Insurance

Offered through Recoop

Protect your home and finances from a natural disaster.

Recoop does not cover landslides, tsunamis, fresh-water flooding, or hail regardless of cause.

Most homeowners insurance policies leave gaps in coverage. Recoop picks up where insurance stops, so you can bounce back faster after a disaster.

Unlike homeowners or renters insurance, which might take 30+ days to pay full benefits, Recoop is lightning-fast recovery cash that arrives in your account within a few days.

Winter storms and hazardous winter weather are covered when at least 5 inches or more of snow or sleet accumulate within a 12-hour period, or 7 inches or more of snow or sleet accumulate within a 24-hour period.

Eligibility:

- You must carry an existing homeowners or renters insurance policy and your home cannot be a mobile or manufactured home.
- Your home or apartment must be in a state or federally declared disaster area and have sustained damages of \$1,000 or more.
- The address listed cannot be a PO Box.

Coverage choices:

- \$5,000 to \$25,000 (in increments of \$5,000)
- Premiums are determined by property zip codes and risk zones.

STEP 1

Enroll and set up an account using the login details provided. Upload current photos of your home and choose how you'd like your recovery cash deposited.

STEP 2

Following a disaster, submit a claim online or by calling **877-2RECOOP**.
