Summary Plan Description

United Healthcare Services, Inc. and Harvard Pilgrim Health Care

What Is the Summary Plan Description?

This *Summary Plan Description (SPD)* is a summary of the Covered Health Care Services available to you under the Lumen Technologies, Inc. ("Plan Sponsor") Self-Funded health benefit plan. This *SPD* is a legal document that describes Benefits for the portion of the Plan for which United Healthcare Services, Inc. ("Claims Administrator") administers claims payment, either directly or in conjunction with one of the Claims Administrator's affiliates.

For the purposes of this provision "Self-Funded" means that the Plan Sponsor, on behalf of the Plan, has the sole responsibility to pay, and provide funds, to pay for all Plan benefits. The Claims Administrator has no liability or responsibility to provide these funds. The Claims Administrator is a private healthcare claims administrator. The Claims Administrator is not the Plan Administrator for the Plan. Although the Claims Administrator will assist you in many ways, it does not guarantee any Benefits. The Plan Sponsor is solely responsible for the benefit plan design and funding payment of Benefits.

In addition to this *SPD*, the Plan includes:

- The *Schedule of Benefits*.
- Amendments.
- Addendums.
- Summary Material Modifications (SMM).

If there should be an inconsistency between the contents of this summary and the Plan, your rights shall be determined under the Plan and not under this summary. A copy of the plan document is available for your inspection during regular business hours in the office of the Plan Administrator. You (or your personal representative) may obtain a copy of the official plan document by written request to the Plan Administrator, for a nominal charge.

Can This SPD Change?

The Plan Sponsor may, from time to time, change this *SPD* by attaching legal documents called SMMs and/or Amendments that may change certain provisions of this *SPD*. When this happens the Plan Sponsor will send you a new *SPD*, Amendment, Addendums or SMMs.

Other Information You Should Have

The Plan Sponsor intends to continue this Plan, but reserves the right, in its sole discretion, to change, interpret, withdraw or add Benefits, or to end the Plan, as permitted by law, without your approval subject to any collective bargaining agreements, if applicable.

On its effective date, this *SPD* replaces and overrules any *SPD* that the Plan Sponsor may have previously issued to you. This *SPD* will in turn be overruled by any *SPD* issued to you in the future.

The Plan is governed by ERISA unless the Plan Sponsor is not a private plan sponsor.

Introduction to Your SPD

This *SPD* and the other Plan documents describe your Benefits, as well as your rights and responsibilities, under the Plan.

What Are Defined Terms?

Certain capitalized words have special meanings. The Plan Sponsor has defined these words in *Section 9: Defined Terms*.

When the Plan Sponsor uses the words "you" and "your," the Plan Sponsor is referring to people who are Covered Persons, as that term is defined in *Section 9: Defined Terms*.

How Do You Use This Document?

Read your entire *SPD* and any attached Amendments, Addendums or SMMs. You may not have all of the information you need by reading just one section. Keep your *SPD* and *Schedule of Benefits* and any attachments in a safe place for your future reference. You can also get this *SPD* at www.myuhc.com.

Review the Benefit limitations of this *SPD* by reading the attached *Schedule of Benefits* along with *Section 1: Covered Health Care Services* and *Section 2: Exclusions and Limitations*. Read *Section 8: General Legal Provisions* to understand how this *SPD* and your Benefits work. Call the Claims Administrator if you have questions about the limits of the coverage available to you.

If there is a conflict between this *SPD* and any summaries provided to you by the Plan Sponsor, this *SPD* controls.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

How Do You Contact the Claims Administrator?

Call the telephone number listed on your identification (ID) card. Throughout the document you will find statements that encourage you to contact the Claims Administrator for more information.

General Plan Information

This *SPD* **must** be read in conjunction with the "*General Information SPD*" which explains details of your coverage and provides a listing of the other benefit options under the plan.

Refer to the "*General Information SPD*" for important and general Plan information such as eligibility when coverage begins and ends etc.

You can go online to obtain an electronic copy or call the Lumen Health and Life Service Center at Businessolver, 833-925-0487 or 317-671-8494 (International callers), to request a paper copy of a Summary Plan Description (SPD).

You can find all of the Plan SPDs on the Summary Plan Descriptions page on the Company [Intranet](#).

Your Responsibilities

Enrollment and Required Contributions

Benefits are available to you if you are enrolled for coverage under the Plan. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the requirements of the Plan issued to your Plan Sponsor, including the eligibility requirements.
- You must qualify as an Employee or a Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Plan Sponsor may require you to make certain payments to them, in order for you to remain enrolled under the Plan. If you have questions about this, contact your Plan Sponsor.

Be Aware the Plan Does Not Pay for All Health Care Services

The Plan does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. The Claims Administrator and the Plan Sponsor do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. The Claims Administrator arranges for Physicians and other health care professionals and facilities to participate in a Network. The Claims Administrator's credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Care Services from an out-of-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Copayment and/or Coinsurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Copayment and Coinsurance amounts are listed in the *Schedule of Benefits*.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Plan's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from the Plan. You must file the claim in a format that contains all of the information the Claims Administrator requires to process the claim, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that extends benefits for a particular condition or a disability, the Plan will not pay Benefits for health care services for that condition or disability until the prior coverage ends. Benefits for that particular condition or disability are subject to your prior coverage.

Claims Administrator and Plan Sponsor Responsibilities

Determine Benefits

Plan Sponsor and the Claims Administrator make administrative decisions regarding whether the Plan will pay for any portion of the cost of a health care service you intend to receive or have received. Plan Sponsor's and the Claims Administrator's decisions are for payment purposes only. Plan Sponsor and the Claims Administrator do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

Plan Sponsor and the Claims Administrator have the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *SPD*, the *Schedule of Benefits* and any SMMs and/or Amendments.
- Make factual determinations relating to Benefits.

Plan Sponsor and the Claims Administrator may assign this discretionary authority to other persons or entities including Claims Administrator's affiliates that may provide administrative services for the Plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time in Plan Sponsor's and the Claims Administrator's discretion. In order to receive Benefits, you must cooperate with those service providers.

Process Payment for the Plan's Portion of the Cost of Covered Health Care Services

The Claims Administrator processes the Plan's payment of Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means the Claims Administrator processes only the payment of the Plan's portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Plan.

Process Plan Payment to Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from the Plan. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to the Plan.

Process Plan Payment for Covered Health Care Services Provided by Out-of-Network Providers

The Claims Administrator processes the Plan's payment of Benefits after receiving your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with the Claims Administrator's Reimbursement Policies

The Claims Administrator adjudicates claims consistent with industry standards. The Claims Administrator develops its reimbursement policy guidelines, in its sole discretion, generally in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.

- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that the Claims Administrator accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), the Claims Administrator's reimbursement policies are applied to provider billings. The Claims Administrator shares its reimbursement policies with Physicians and other providers in the Claims Administrator's Network through the Claims Administrator's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by the Claims Administrator's reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts the Plan does not pay, including amounts that are denied because one of the Claims Administrator's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of the Claims Administrator's reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

The Claims Administrator may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, the Claims Administrator will use comparable methodology(ies). The Claims Administrator and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to the Claims Administrator's website at www.myuhc.com for information regarding the vendor that provides the applicable methodology.

Offer Health Education Services to You

The Claims Administrator may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but it is recommended that you discuss them with your Physician.

UnitedHealthcare Choice Plus and Non-Differential PPO Out-of-Area United Healthcare Services, Inc. Schedule of Benefits

How Do You Access Benefits? (Choice Plus Plan)

You can choose to receive Designated Network Benefits, Network Benefits or Out-of-Network Benefits.

Designated Network Benefits apply to Covered Health Care Services that are provided by a provider or facility that has been identified as a Designated Provider. Designated Network Benefits are available only for specific Covered Health Care Services as shown in the *Schedule of Benefits* table below.

Network Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Care Physician in order to obtain Network Benefits.

Out-of-Network Benefits apply to Covered Health Care Services that are provided by an out-of-Network Physician or other out-of-Network provider, or Covered Health Care Services that are provided at an out-of-Network facility.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Ground Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Plan Sponsor, this *Schedule of Benefits* will control.

Does Prior Authorization Apply? (Choice Plus Plan)

The Claims Administrator requires prior authorization for certain Covered Health Care Services. Network providers are responsible for obtaining prior authorization before they provide these services to you.

Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call the Claims Administrator at the telephone number on your ID card.

When you choose to receive certain Covered Health Care Services from out-of-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when an out-of-Network provider intends to admit you to a Network facility or to an out-of-Network facility or refers you to other Network or out-of-Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization. Services for which you are required to obtain prior authorization are shown in the *Schedule of Benefits* table within each Covered Health Care Service category.

To obtain prior authorization, call the telephone number on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to find out how far in advance you must obtain prior authorization.

For Covered Health Care Services that do not require you to obtain prior authorization, when you choose to receive services from out-of-Network providers, Lumen Technologies, Inc. urges you to confirm with the Claims Administrator that the services you plan to receive are Covered Health Care Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Care Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Care Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, the Claims Administrator's final coverage determination will be changed to account for those differences, and the Plan will only pay and the Claims Administrator will only process payments for Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid.

Note: If you and/or a covered Dependent have had services including medical devices approved in the past by UnitedHealthcare and have had a recent medical condition change which results in an increase of pain, device malfunction (including battery replacement) and/or deteriorating medical condition, the services must be reviewed to determine if they are covered under the Plan in order for the device to be repaired or replaced. Recent and sufficient clinical data must be provided in order for coverage to be determined.

How Do You Access Benefits? (Non-Differential PPO Out-of-Area Plan)

Benefits for the Out-of-Area Plan are payable for Covered Health Care Services that are provided by or under the direction of a Physician or other provider regardless of their Network status. This Benefit plan does not provide a Network Benefit level or an Out-of-Network Benefit level.

The Claims Administrator arranges for health care providers to participate in a Network. Depending on the geographic area, you may have access to Network providers. These providers have agreed to discount their charges for Covered Health Care Services. If you receive Covered Health Care Services from a Network provider, your Coinsurance level will remain the same. However, the portion that you owe may be less than if you received services from an out-of-Network provider because the Allowed Amount may be a lesser amount.

If you live outside of the HDHP with Optional Health Savings Account (HSA) Plan Network area ("out of area") the Plan will still pay Benefits for you and your enrolled covered Dependents members at Network levels. This Out-of-Area Plan is designed to help Employees **who live in rural areas with no access to Network Physicians**. You may be asked to pay the Physician at the time of service and then submit a claim to the Plan for reimbursement.

After you have satisfied the required Network Deductible and Coinsurance, the Plan will pay Benefits at the Network level—you will be responsible for any remaining amount. Covered services will be subject to "Allowed Amount" as described in the *Glossary* section. You will **automatically** be enrolled in the Out-of-Area Plan if this is applicable (otherwise this is not available to you) and Your ID will also include an "out-of-area" designation if this applies.

Network and Out-Of-Network Physicians/Facilities (for Non-Differential PPO Out-of-Area Plan)

You have the freedom to choose the Physician, facility or health care professional you prefer each time you need to receive Covered Health Care Services. The choice you make to receive these Network Benefits or Out-Of-Network Benefits affect the amounts you pay.

Generally, when you receive Covered Health Care Services from a Network Physician (including facilities), you pay less than you would if you receive the same care from an Out-of-Network Physician. However, since you may not have direct access to the Network Physicians, your *level* of Benefits will be the same if you visit a Network Physician or Out-Of-Network Physician. Because the total amount of Eligible Expenses may be less when you use a Network Physician, the portion **you** pay will be less. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network Physician. **(Note: You may find some types of Network Physicians (including Premium Physicians and Freestanding facilities) near you or you can travel further to seek care from a Network Physician if you wish.)**

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Ground Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You should show your identification card (ID card) every time you request health care services so that the provider knows that you are enrolled under the Plan.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Plan Sponsor, this *Schedule of Benefits* will control.

Does Prior Authorization Apply? (Non-Differential PPO Out-of-Area Plan)

The Claims Administrator requires prior authorization for certain Covered Health Care Services. Services for which you are required to obtain prior authorization are shown in the *Schedule of Benefits* table within each Covered Health Care Service category.

When you choose to receive certain Covered Health Care Services, **you, (not your Provider) are responsible for obtaining prior authorization before you receive these services.** Once you have obtained the prior authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

To obtain prior authorization, call the telephone number on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the Schedule of Benefits table to find out how far in advance you must obtain prior authorization.

For Covered Health Care Services that do not require you to obtain prior authorization, Lumen Technologies, Inc. urges you to confirm with the Claims Administrator that the services you plan to receive are Covered Health Care Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Care Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Care Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, the Claims Administrator's final coverage determination will be changed to account for those differences, and the Plan will only pay and the Claims Administrator will only process payments for Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid.

Note: If you and/or a covered Dependent have had services including medical devices approved in the past by UnitedHealthcare and have had a recent medical condition change which results in an increase of pain, device malfunction (including battery replacement) and/or deteriorating medical condition, the services must be reviewed to determine if they are covered under the Plan in order for the device to be repaired or replaced. Recent and sufficient clinical data must be provided in order for coverage to be determined.

Care Management

When you seek prior authorization as required, the Claims Administrator will work with you to put in place the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before the Claims Administrator processes payments for Benefits under the Plan), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, the Claims Administrator will process payments for the Plan as

secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to obtain prior authorization before receiving Covered Health Care Services.

What Will You Pay for Covered Health Care Services?

- **For Air Ambulance transportation provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
- The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider, which is based on the Recognized Amount as defined in the SPD.

- **For Emergency ground ambulance transportation provided by an out-of-Network provider**, the Allowed Amount, which includes mileage, is a rate agreed upon by the out-of-Network provider or, unless a different amount is required by applicable law, determined based upon the median amount negotiated with Network providers for the same or similar service.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

When Covered Health Care Services are received from an out-of-Network provider, except as described above, Allowed Amounts are determined as follows: (i) an amount negotiated by the Claims Administrator, (ii) a specific amount required by law (when required by law), or (iii) an amount the

Claims Administrator has determined is typically accepted by a healthcare provider for the same or similar service or an amount that is greater than such rate when elected or directed by the Plan. The Plan will not pay excessive charges. You are responsible for paying, directly to the out-of-Network provider, the applicable Coinsurance, Copayment or any deductible. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible to access the Advocacy Services as described below. Following the conclusion of the Advocacy Services described below, any responsibility to pay more than the Allowed Amount (which includes your Coinsurance, Copayment, and deductible) is yours.

Advocacy Services

The Plan has contracted with the Claims Administrator to provide advocacy services on your behalf with respect to out-of-network providers that have questions about the Allowed Amounts and how the Claims Administrator determined those amounts. Please call the Claims Administrator at the number on your ID card to access these advocacy services, or if you are billed for amounts in excess of your applicable Coinsurance or Copayment. In addition, if the Claims Administrator, or its designee, reasonably concludes that the particular facts and circumstances related to a claim provide justification for reimbursement greater than that which would result from the application of the Allowed Amount, and the Claims Administrator, or its designee, determines that it would serve the best interests of the Plan and its Employees (including interests in avoiding costs and expenses of disputes over payment of claims), the Claims Administrator, or its designee, may use its sole discretion to increase the Allowed Amount for that particular claim.

Designated Providers (HDHP Plan)

If you have a medical condition that the Claims Administrator believes needs special services, the Claims Administrator may direct you to a Designated Provider chosen by the Claims Administrator. If you require certain complex Covered Health Care Services for which expertise is limited, the Claims Administrator may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, the Plan may reimburse certain travel expenses.

In both cases, Network Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by the Claims Administrator.

You or your Network Physician must notify the Claims Administrator of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify the Claims Administrator in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Network Benefits will not be paid. Out-of-Network Benefits may be available if the special needs services you receive are Covered Health Care Services for which Benefits are provided under the Plan.

Health Care Services from Out-of-Network Providers Paid as Network Benefits “Gap Exception” (HDHP Plan)

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, you or your Network Physician will notify the Claims Administrator and, if the Claims Administrator confirms that care is not available from a Network provider, the Claims Administrator will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Limitations on Selection of Providers (HDHP Plan)

If the Claims Administrator determines that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens,

the Claims Administrator may require you to select a single Network Physician to provide and coordinate all future Covered Health Care Services.

If you don't make a selection within 31 days of the date the Claims Administrator notifies you, the Claims Administrator will select a single Network Physician for you.

If you do not use the selected Network Physician, Covered Health Care Services will be paid as Out-of-Network Benefits.

Allowed Amounts (Out-of-Area Plan)

Allowed Amounts are the amount the Claims Administrator determines that the Plan will pay for Benefits.

For Covered Health Care Services from out-of-Network providers, except as described below, you are responsible for paying, directly to the out-of-Network provider, any difference between the amount the provider bills you and the amount we will pay for Allowed Amounts.

- For Covered Health Care Services that are ***Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in this SPD.
- For Covered Health Care Services that are ***non-Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.
- For Covered Health Care Services that are ***Emergency Health Care Services provided by an out-of-Network provider***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in this SPD.
- For Covered Health Care Services that are ***Air Ambulance services provided by an out-of-Network provider***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider, which is based on the Recognized Amount as defined in the SPD.

Allowed Amounts are determined in accordance with the Claims Administrator's reimbursement policy guidelines or as required by law, as described in the SPD.

Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Designated Network and Network provider, Allowed Amounts are the Claims Administrator's contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as arranged by the Claims Administrator, including when there is no Network provider who is reasonably accessible or available to provide Covered Health Care Services. Allowed Amounts are an amount negotiated by the Claims Administrator or an amount permitted by law. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. The Plan will not pay excessive charges or amounts you are not legally obligated to pay.

When Covered Health Care Services are received from an out-of-Network provider as described below, Allowed Amounts are determined as follows:

- **For non-Emergency Covered Health Care Services received at certain Network facilities from out-of-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary (including non-Ancillary Services that have satisfied the notice and consent criteria but unforeseen urgent medical needs arise at the time the services are provided), the Allowed Amount is based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
- The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center as described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service is provided for which notice and consent has been satisfied, you are not responsible, and an out-of-Network Physician may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Emergency Health Care Services provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
- The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Air Ambulance transportation provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
- The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the SPD.

- **For Emergency ground ambulance transportation provided by an out-of-Network provider**, the Allowed Amount, which includes mileage, is a rate agreed upon by the out-of-Network provider or,

unless a different amount is required by applicable law, determined based upon the median amount negotiated with Network providers for the same or similar service.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

When Covered Health Care Services are received from an out-of-Network provider, except as described above, Allowed Amounts are determined as follows: (i) an amount negotiated by the Claims Administrator, (ii) a specific amount required by law (when required by law), or (iii) an amount the Claims Administrator has determined is typically accepted by a healthcare provider for the same or similar service or an amount that is greater than such rate when elected or directed by the Plan. The Plan will not pay excessive charges. You are responsible for paying, directly to the out-of-Network provider, the applicable Coinsurance, Copayment or any deductible. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible to access the Advocacy Services as described below. Following the conclusion of the Advocacy Services described below, any responsibility to pay more than the Allowed Amount (which includes your Coinsurance, Copayment, and deductible) is yours.

Advocacy Services

The Plan has contracted with the Claims Administrator to provide advocacy services on your behalf with respect to out-of-network providers that have questions about the Allowed Amounts and how the Claims Administrator determined those amounts. Please call the Claims Administrator at the number on your ID card to access these advocacy services, or if you are billed for amounts in excess of your applicable Coinsurance or Copayment. In addition, if the Claims Administrator, or its designee, reasonably concludes that the particular facts and circumstances related to a claim provide justification for reimbursement greater than that which would result from the application of the Allowed Amount, and the Claims Administrator, or its designee, determines that it would serve the best interests of the Plan and its Employees (including interests in avoiding costs and expenses of disputes over payment of claims), the Claims Administrator, or its designee, may use its sole discretion to increase the Allowed Amount for that particular claim.

Designated Providers (Out-of-Area Plan)

If you have a medical condition that the Claims Administrator believes needs special services, the Claims Administrator may direct you to a Designated Provider chosen by the Claims Administrator. If you require certain complex Covered Health Care Services for which expertise is limited, the Claims Administrator may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, the Plan may reimburse certain travel expenses.

In both cases, Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by the Claims Administrator.

You or your Network Physician must notify the Claims Administrator of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify the Claims Administrator in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Network Benefits will not be paid.

Provider Network

The Claims Administrator or its affiliates arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not Lumen Technologies, Inc. or the Claims Administrator's employees. It is your responsibility to choose your provider.

The Claims Administrator's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for Network Benefits.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to expiration or nonrenewal of the provider's contract, you may be eligible to request continued care from your current provider at the Network Benefit level for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with the Claims Administrator to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of the Claims Administrator's products. Refer to your provider directory or contact the Claims Administrator for help.

Travel and Lodging

The Plan provides a Covered Person with a travel and lodging allowance related to the Covered Health Care Service provided that is not available in the Covered Person's state of residence due to law or regulation when such services are received in another state, as legally permissible.

Travel and Lodging provides support for the Covered Person under the Plan. The Plan provides an allowance for reasonable travel and lodging expenses for a Covered Person and travel companion when the Covered Person must travel at least 50 miles from their address, as reflected in our records, to receive the Covered Health Care Services.

This Plan provides an allowance for incurred reasonable travel and lodging expenses only and is independent of any existing medical coverage available for the Covered Person. An allowance of up to \$2,000 per Covered Person per year will be provided for travel and lodging expenses incurred as a part of the Covered Health Care Service. Lodging expenses are further limited to \$50 per day for the Covered Person, or \$100 per day for the Covered Person with a travel companion.

Please remember to save travel and lodging receipts to submit for reimbursement. If you would like additional information regarding Travel and Lodging, you may contact us at www.myuhc.com or the telephone number on your ID card.

- You receive Covered Health Care Services prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.

Section 3: When Coverage Begins

How Do You Enroll?

Eligible Persons must complete an enrollment form given to them by the Plan Sponsor. The Plan Sponsor will submit the completed forms to the Claims Administrator, along with any required contribution. The Plan will not provide Benefits for health care services that you receive before your effective date of coverage.

To enroll, call the Plan Sponsor within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. If you wish to change your benefit elections due to your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact the Plan Sponsor within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

If you do not wish to change your benefit election due to the birth of a newborn, the automatic coverage for the newborn will terminate immediately following day 4 after birth. You will need to wait until the next annual Open Enrollment to change your election if coverage has not been selected within 31 days.

Cost of Coverage

You and the Plan Sponsor share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions are deducted from your paychecks on a before-tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld. In most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.

Note: The Internal Revenue Service generally does not consider Domestic Partners and their children eligible Dependents. Therefore, the value of the Plan Sponsor's cost in covering a Domestic Partner may be imputed to the Employee as income. In addition, the share of the Employee's contribution that covers a Domestic Partner and their children may be paid using after-tax payroll deductions.

Your contributions are subject to review and the Plan Sponsor reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling the Plan Sponsor.

What If You Are Hospitalized When Your Coverage Begins?

The Plan will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Plan.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify the Claims Administrator of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. For plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Care Services from Network providers.

What If You Are Eligible for Medicare?

Your Benefits may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Covered Persons over 65 and on Long Term Disability must enroll in Medicare Part A and B, or their Benefits will be reduced by Medicare carve-out. End stage renal disease (ESRD) patients must follow all Medicare eligibility rules.

Your Benefits may also be reduced if you are enrolled in a *Medicare Advantage* (Medicare Part C) plan but do not follow the rules of that plan. Please see *How Are Benefits Paid When You Are Medicare Eligible* in *Section 8: General Legal Provisions* for more information about how Medicare may affect your Benefits.

Who Is Eligible for Coverage?

The Plan Sponsor determines who is eligible to enroll and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee of the Plan Sponsor who (or other person whose connection with the Plan Sponsor) meets the eligibility rules. When an Eligible Person enrolls, the Claims Administrator refers to that person as an Employee. For a complete definition of Eligible Person, Plan Sponsor and Employee, see *Section 9: Defined Terms*.

You are eligible to enroll in the Plan if you are a regular full-time Employee who is scheduled to work at least 30 hours per week. Part-time and temporary Employees are eligible for Benefits.

Eligible Persons must live within the United States.

If both spouses are Eligible Persons under the Plan Sponsor's Plan, each may enroll as an Employee or be covered as an Enrolled Dependent of the other, but not both.

Covered Persons are not required to use Optum Health bank. If they do they will have pre-tax payroll deductions.

Dependent

Dependent generally refers to the Employee's spouse and children. When a Dependent enrolls, the Claims Administrator refers to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Plan.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

- Your Spouse.
- Your or your Spouse's child who is under age 26, including a natural child, stepchild, a legally adopted child, a child placed for adoption or a child for whom you or your Spouse are the legal guardian.
- An unmarried child age 26 or over who is or becomes disabled and dependent upon you.

To be eligible for coverage under the Plan, a Dependent must reside within the United States.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled. In addition, if you and your Spouse are both covered under the Plan, you may each be enrolled as an Employee or be covered as a Dependent of the other person, but not both. In addition, if you and your Spouse are both covered under the Plan, only one parent may enroll your child as a Dependent.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Plan Sponsor purchases coverage under the Plan from the Claims Administrator, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Plan. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the date the Eligible Person becomes eligible.

Open Enrollment Period

The Plan Sponsor sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Plan Sponsor. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the date the Eligible Person becomes eligible.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Plan Sponsor. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Employees may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.
- Registering a Domestic Partner.

Coverage for the Dependent begins on the date of the event. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the event.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan ended for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if any of the following are true:

- The Eligible Person previously declined coverage under the Plan, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if the Plan Sponsor receives the completed enrollment form and any required contribution within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period and coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.
 - The plan no longer offers benefits to a class of individuals that includes the Eligible Person and/or Dependent.
 - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if the Plan Sponsor receives the completed enrollment form and any required contribution within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day following the day coverage under the prior plan ends. Except as otherwise noted above, coverage

Lumen Technologies Medical Plan

will begin only if the Plan Sponsor receives the completed enrollment form and any required contribution within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, the Plan Sponsor may end the Plan and/or all similar benefit plans at any time for the reasons explained in the Plan.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, the Claims Administrator will still process Plan payments on claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, the Claims Administrator will not process Plan payments on claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Employee's coverage ends.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Plan Ends**

Your coverage ends on the date the Plan ends. In this event, the Plan Sponsor is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be an Employee or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Employee," "Dependent" and "Enrolled Dependent."

- **The Claims Administrator Receives Notice to End Coverage**

The Plan Sponsor is responsible for providing the required notice to the Claims Administrator to end your coverage. Your coverage ends on the last day of the calendar month in which the Claims Administrator receives the required notice from the Plan Sponsor to end your coverage, or on the date requested in the notice, if later.

- **Employee Retires or Is Pensioned**

The Plan Sponsor is responsible for providing the required notice to the Claims Administrator to end your coverage. Your coverage ends the last day of the calendar month in which the Employee is retired or receiving benefits under the Plan Sponsor's pension or retirement plan.

This provision applies unless there is specific coverage classification for retired or pensioned persons in the Plan, and only if the Employee continues to meet any applicable eligibility requirements. The Plan Sponsor can provide you with specific information about what coverage is available for retirees.

Fraud or Intentional Misrepresentation of a Material Fact

The Plan will provide at least 30 days advance required notice to the Employee that coverage will end on the date identified in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If the Claims Administrator and the Plan Sponsor find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact the Plan Sponsor has the right to demand that you pay back all Benefits the Plan paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. The Plan will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental or physical disability.
- The Enrolled Dependent child depends mainly on the Employee for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Plan.

You must furnish the Plan Sponsor with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before the Plan Sponsor agrees to this extension of coverage for the child, the Plan Sponsor may require that a Physician examine the child. The Plan Sponsor will choose the Physician and the Plan will pay for that examination.

The Plan Sponsor may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at the Plan's expense. The Plan Sponsor will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of the Plan Sponsor's request as described above, coverage for that child will end.

Continuation of Coverage

If your coverage ends under the Plan, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal law.

Continuation coverage under *COBRA* (the federal *Consolidated Omnibus Budget Reconciliation Act*) is available only to Plan Sponsors that are subject to the terms of *COBRA*. Contact your plan administrator to find out if your Plan Sponsor is subject to the provisions of *COBRA*.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Plan, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

The Claims Administrator is not the Plan Sponsor's designated "plan administrator" as that term is used in federal law, and the Claims Administrator does not assume any responsibilities of a "plan administrator" according to federal law.

The Claims Administrator is not obligated to provide continuation coverage to you if the Plan Sponsor or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Plan Sponsor or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying the Claims Administrator in a timely manner of your election of continuation coverage.

Section 5: How to File a Claim

Claims Procedures

You can obtain a claim form by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card. If you do not have a claim form, attach the bill from your provider to a brief letter of explanation. Verify that your provider's bill contains the *Required Information* listed below. If any *Required Information* is missing from the bill, you can include it in your letter.

How Are Covered Health Care Services from Network Providers Paid?

The Claims Administrator processes payment to Network providers directly for your Covered Health Care Services. If a Network provider bills you for any Covered Health Care Service, contact the Claims Administrator. However, you are required to meet any applicable deductible and to pay any required Copayments and Coinsurance to a Network provider.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from the Claims Administrator. You must file the claim in a format that contains all of the information the Claims Administrator requires, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to the Claims Administrator within one year of the date of service, Benefits for that health care service will be denied or reduced, in the Claims Administrator's discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

How Are Outpatient Prescription Drug Benefits Paid?

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
- You pay a either a Copayment and/or Coinsurance and you believe that the amount of the Copayment and/or Coinsurance was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Care Service, you may submit a pre-service request for Benefits as described in this section.

Required Information

When you request payment of Benefits from the Claims Administrator, you must provide the Claims Administrator with all of the following information:

- The Employee's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.

- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with the Claims Administrator at the address on your ID card.

Payment of Benefits

You may not assign, transfer, or in any way convey your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a provider or to any other third party. Nothing in this Plan shall be construed to make the Plan, Plan Sponsor, or Claims Administrator or its affiliates liable for payments to a provider or to a third party to whom you may be liable for payments for Benefits.

The Plan will not recognize claims for Benefits brought by a third party. Also, any such third party shall not have standing to bring any such claim independently, as a Covered Person or beneficiary, or derivatively, as an assignee of a Covered Person or beneficiary.

References herein to "third parties" include references to providers as well as any collection agencies or third parties that have purchased accounts receivable from providers or to whom accounts receivables have been assigned.

As a matter of convenience to a Covered Person, and where practicable for the Claims Administrator (as determined in its sole discretion), the Claims Administrator may make payment of Benefits directly to a provider.

Any such payment to a provider:

- is NOT an assignment of your Benefits under the Plan or of any legal or equitable right to institute any proceeding relating to your Benefits; and
- is NOT a waiver of the prohibition on assignment of Benefits under the Plan; and
- shall NOT estop the Plan, Plan Sponsor, or Claims Administrator from asserting that any purported assignment of Benefits under the Plan is invalid and prohibited.

If this direct payment for your convenience is made, the Plan's obligation to you with respect to such Benefits is extinguished by such payment. If any payment of your Benefits is made to a provider as a convenience to you, the Claims Administrator will treat you, rather than the provider, as the beneficiary of your claim for Benefits, and the Plan reserves the right to offset any Benefits to be paid to a provider by any amounts that the provider owes the Plan, pursuant to *Refund of Overpayments* in *Section 7: Coordination of Benefits*.

Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in a form of other consideration that the Claims Administrator in its discretion determines to be adequate.

Section 6: Questions, Complaints and Appeals

To resolve a question, complaint, or appeal, just follow these steps:

What if You Have a Question?

What if You Have a Complaint?

If you would rather send your complaint to the Claims Administrator in writing, the representative can provide you with the address.

If the representative cannot resolve the issue over the phone, he/she can help you prepare and submit a written complaint. The Claims Administrator will notify you of the decision regarding your complaint within 60 days of receiving it.

How Do You Appeal a Claim Decision?

Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact the Claims Administrator in writing to request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to the Claims Administrator within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

For medical claims, the appeals address is:

UnitedHealthcare - Appeals

P.O. Box 30432

Salt Lake City, Utah 84130-0432

Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. The Claims Administrator may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by the Claims Administrator during the determination of the appeal, the Claims Administrator will provide it to you free of charge and in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as defined above, the first level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. This request must be submitted to the Claims Administrator within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as defined above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. This request must be submitted to the Claims Administrator within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the decision letter to you.

Upon written request and free of charge, any Covered Persons may examine their claim and/or appeals file(s). Covered Persons may also submit evidence, opinions and comments as part of the internal claims review process. The Claims Administrator will review all claims in accordance with the rules established by the U.S. Department of Labor. Any Covered Person will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required, with: (i) any new or additional evidence considered, relied upon or generated by the Plan in connection with the claim; and, (ii) a reasonable opportunity for any Covered Person to respond to such new evidence or rationale.

Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call the Claims Administrator as soon as possible.
- The Claims Administrator will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If the Claims Administrator needs more information from your Physician to make a decision, the Claims Administrator will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

External Review Program

You may be entitled to request an external review of the Claims Administrator's determination after exhausting your internal appeals if either of the following apply:

- You are not satisfied with the determination made by the Claims Administrator.
- The Claims Administrator fails to respond to your appeal within the timeframe required by the applicable regulations.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address listed in the determination letter. You or your representative may request an expedited external review, in urgent situations as defined below, by contacting the Claims Administrator at the telephone number on your ID card or by sending a written request to the address listed in the determination letter. A request must be made within four months after the date you received the Claims Administrator's final appeal decision.

An external review request should include all of the following:

- A specific request for an external review.
- Your name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an *Independent Review Organization (IRO)*. The Claims Administrator has entered into agreements with three or more *IROs* that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review includes all of the following:

- A preliminary review by the Claims Administrator of the request.
- A referral of the request by the Claims Administrator to the *IRO*.
- A decision by the *IRO*.

After receipt of the request, the Claims Administrator will complete a preliminary review within the applicable timeframe, to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that the Claims Administrator may process the request.

After the Claims Administrator completes this review, the Claims Administrator will issue a notification in writing to you. If the request is eligible for external review, the Claims Administrator will assign an *IRO* to conduct such review. The Claims Administrator will assign requests by either rotating the assignment of claims among the *IROs* or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the *IRO* within ten business days after the date you receive the *IRO's* request for the additional information. The *IRO* is not required to, but may, accept and consider additional information submitted by you after ten business days.

The Claims Administrator will provide to the assigned *IRO* the documents and information considered in making the Claims Administrator's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by the Claims Administrator.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request. The Claims Administrator will include it with the documents forwarded to the *IRO*.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by the Claims Administrator. The *IRO* will provide written notice of its determination (the "*Final External Review Decision*") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The *IRO* will deliver the notice of *Final External Review Decision* to you and the Claims Administrator, and it will include the clinical basis for the determination.

If the Claims Administrator receives a *Final External Review Decision* reversing the Claims Administrator's determination, the Plan will provide coverage or payment for the Benefit claim at issue according to the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the *Final External Review Decision* agrees with the determination, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The main difference between the two is that the time periods for completing certain portions of the review process are much shorter for the expedited external review, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review, separately or at the same time you have filed a request for an expedited internal appeal, if you receive either of the following:

- An adverse benefit determination of a claim or appeal that involves a medical condition for which the time frame for completion of an expedited internal appeal would either jeopardize:
 - The life or health of the individual.
 - The individual's ability to regain maximum function.

In addition, you must have filed a request for an expedited internal appeal.

- A final appeal decision, that either:
 - Involves a medical condition where the timeframe for completion of a standard external review would either jeopardize the life or health of the individual or jeopardize the individual's ability to regain maximum function.
 - Concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency care services, but has not been discharged from a facility.

Immediately upon receipt of the request, the Claims Administrator will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that the Claims Administrator may process the request.

After the Claims Administrator completes the review, the Claims Administrator will send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, the Claims Administrator will assign an *IRO* in the same manner the Claims Administrator utilizes to assign standard external reviews to *IROs*. The Claims Administrator will provide all required documents and information the Claims Administrator used in making the adverse benefit determination or final adverse benefit determination to the assigned *IRO* electronically or by telephone or facsimile or any other available method in a timely manner. The *IRO*, to the extent the information or documents are available and the *IRO* considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by the Claims Administrator. The *IRO* will provide notice of the final external review decision for an expedited external review as quickly as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the *IRO* receives the request. If the *IRO*'s final external review decision is first communicated verbally, the *IRO* will follow-up with a written confirmation of the decision within 48 hours of that verbal communication.

You may call the Claims Administrator at the telephone number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan will be coordinated with those of any other plan that provides benefits to you.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies to you if you are covered by more than one health benefits plan, including any one of the following:

- Another employer sponsored health benefits plan.
- A medical component of a group long-term care plan, such as skilled nursing care.
- No-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy.
- Medical payment benefits under any premises liability or other types of liability coverage.
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the Primary Plan. How much this Plan will reimburse you, if anything, will also depend in part on the Allowable Expense. The term, "Allowable Expense," is further explained below.

What Are the Rules for Determining the Order of Benefit Payments?

Order of Benefit Determination Rules

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. This Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy.
- B. When you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first.

- C. Each Plan determines its order of benefits using the first of the following rules that apply:
1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, former employee under COBRA, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.
- For purpose of this section, Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the

parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
 - d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies. (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.
3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.
 4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.
 5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
 6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

How Are Benefits Paid When This Plan is Secondary?

If this Plan is secondary, it determines the amount it will pay for a Covered Health Care Services by following the steps below.

- The Plan determines the amount it would have paid based on the allowable expense.
- If this Plan would have paid the same amount or less than the Primary Plan paid, this Plan pays no Benefits.
- If this Plan would have paid more than the Primary Plan paid, the Plan will pay the difference.

You will be responsible for any applicable Copayment, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you can receive from all plans may be less than 100% of the allowable expense.

How is the Allowable Expense Determined when this Plan is Secondary?

Determining the Allowable Expense If this Plan is Secondary

When the provider is a Network provider for both the Primary Plan and this Plan, the allowable expense is the Primary Plan's network rate. When the provider is a network provider for the Primary Plan and an out-of-Network provider for this Plan, the allowable expense is the Primary Plan's network rate. When the provider is an out-of-Network provider for the Primary Plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the Primary Plan. When the provider is an out-of-Network provider for both the Primary Plan and this Plan, the allowable expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled " *Determining the Allowable Expense When this Plan is Secondary to Medicare* ".

What is Different When You Qualify for Medicare?

Determining Which Plan is Primary When You Qualify for Medicare

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older.
- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When this Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge - often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare - typically 115% of the Medicare approved amount) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the allowable expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program (as opposed to a provider who does not accept assignment of Medicare benefits), Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience the Claims Administrator will use Medicare's Allowable Expense or Medicare's limiting charge for covered services as the Allowable expense for both the Plan and Medicare.

Medicare Crossover Program

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated Crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on your ID card.

Right to Receive and Release Needed Information?

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Claims Administrator may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

The Claims Administrator does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give the Claims Administrator any facts needed to apply those rules and determine benefits payable. If you do not provide the Claims Administrator the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Does This Plan Have the Right of Recovery?

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Plan Sponsor may recover the amount in the form of salary, wages, or benefits payable under any Plan Sponsor-funded benefit plans, including this Plan. The Plan Sponsor also reserves the right to recover any overpayment by legal action or offset payments on future Allowed Amounts.

If the Plan overpays a health care provider, the Claims Administrator reserves the right to recover the excess amount from the provider pursuant to *Refund of Overpayments*, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of you, you, or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by you, but all or some of the expenses were not paid by you or did not legally have to be paid by you.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for you that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits that are payable in connection with services provided to other Covered Persons under the Plan. The reallocated payment amount will either:

Lumen Technologies Medical Plan

- equal the amount of the required refund, or
- if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan.

The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

Section 8: General Legal Provisions

What Is Your Relationship with the Claims Administrator and Plan Sponsor?

It is important for you to understand the Claims Administrator's role with respect to the Plan and how it may affect you. The Claims Administrator helps administer the claims payment for the Plan Sponsor's Plan in which you are enrolled. The Claims Administrator and the Plan Sponsor do not provide medical services or make treatment decisions. This means:

- The Claims Administrator communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive. The Plan pays for Covered Health Care Services, which are more fully described in this *SPD*.
- The Plan may not pay for all treatments you or your Physician may believe are needed. If the Plan does not pay, you will be responsible for the cost.

The Plan Sponsor and the Claims Administrator may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. The Plan Sponsor and the Claims Administrator will use individually identifiable information about you as permitted or required by law, including in the Claims Administrator's operations and in the Claims Administrator's research. The Plan Sponsor and the Claims Administrator will use de-identified data for commercial purposes including research.

Please refer to the Claims Administrator's *Notice of Privacy Practices* for details.

What Is the Claims Administrator's Relationship with Providers and Plan Sponsors?

The Claims Administrator has agreements in place that govern the relationships between it and Plan Sponsors and Network providers, some of which are affiliated providers. Network providers enter into agreements with the Claims Administrator to provide Covered Health Care Services to Covered Persons.

Plan Sponsors and the Claims Administrator do not provide health care services or supplies, or practice medicine. Plan Sponsors and the Claims Administrator arrange for health care providers to participate in a Network and the Claims Administrator processes the Plan's payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. The Claims Administrator's credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. Network providers are not the Plan Sponsor's employees. Network providers are not the Claims Administrator's employees. The Plan Sponsor and the Claims Administrator are not responsible for any act or omission of any provider.

The Claims Administrator is not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Plan Sponsor's Plan. The Claims Administrator is not responsible for fulfilling any duties or obligations of an employer with respect to the Plan Sponsor's Plan.

The Plan Sponsor is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Plan's Service Fee to the Claims Administrator.
- The funding of Benefits on a timely basis.
- Notifying you of when the Plan ends.

When the Plan Sponsor establishes the Plan to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., the Claims Administrator is not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Plan Sponsor. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U.S. Department of Labor*.

What Is Your Relationship with Providers and Plan Sponsors?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a participant responsibility, including Copayments, Coinsurance, any deductible and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Plan Sponsor is that of employer and employee, Dependent or other classification as defined in the Plan.

Notice

When the Claims Administrator provides written notice regarding administration of the Plan to an authorized representative of the Plan Sponsor, that notice is deemed notice to all affected Employees and their Enrolled Dependents. The Plan Sponsor is responsible for giving notice to you.

Statements by the Plan Sponsor or Employees

All statements made by the Plan Sponsor or by an Employee shall, in the absence of fraud, be deemed representations and not warranties. The Claims Administrator will not use any statement made by the Plan Sponsor to void the Plan after it has been in force for two years unless it is a fraudulent statement.

Does the Claims Administrator Pay Incentives to Providers?

The Claims Administrator pays Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from the Claims Administrator for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. The applicable Copayment and/or Coinsurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Copayment and/or Coinsurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Copayment and/or Coinsurance as described in your *Schedule of Benefits*.

The Claims Administrator uses various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with the Claims Administrator includes any financial incentives, the Claims Administrator encourages you to discuss those questions with your provider. You may also call the Claims Administrator at the telephone number on your ID card. The Claims Administrator can advise whether your Network provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?

Sometimes the Claims Administrator may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs or certain disease management programs, surveys, discount programs, administrative programs, and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, you should discuss taking part in such programs with your Physician. Contact the Claims Administrator at www.myuhc.com or the telephone number on your ID card if you have any questions.

Does the Claims Administrator Receive Rebates and Other Payments?

The Plan Sponsor and the Claims Administrator may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. The Plan Sponsor and the Claims Administrator may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Copayment and/or Coinsurance.

Who Interprets Benefits and Other Provisions under the Plan?

The Plan Sponsor and the Claims Administrator have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions set out in the Plan, including this *SPD*, the *Schedule of Benefits* and any Addendums, SMMs, and/or Amendments.
- Make factual determinations related to the Plan and its Benefits.

The Plan Sponsor and the Claims Administrator may assign this discretionary authority to other persons or entities including Claims Administrator's affiliates that may provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, the Plan Sponsor may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Care Services. The fact

that the Plan Sponsor does so in any particular case shall not in any way be deemed to require the Plan Sponsor to do so in other similar cases.

Who Provides Administrative Services?

The Claims Administrator provides claims administrative services or, as the Claims Administrator determines, the Claims Administrator may arrange for various persons or entities to provide claims administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as the Claims Administrator determines. The Claims Administrator is not required to give you prior notice of any such change, nor is the Claims Administrator required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

What is the Future of the Plan?

Although Plan Sponsor expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Plan Sponsor's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or *Employee Retirement Income Security Act of 1974 (ERISA)*, or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Plan Sponsor does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Plan Sponsor decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Plan Sponsor and others as may be required by any applicable law.

Amendments to the Plan

To the extent permitted by law, the Plan Sponsor has the right, as it determines and without your approval, to change, interpret, withdraw or add Benefits or end the Plan.

Any provision of the Plan which, on its effective date, is in conflict with the requirements of applicable state law provisions not otherwise preempted by ERISA or federal statutes or regulations (of the jurisdiction in which the Plan is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Plan unless it is made by an Amendment or SMM. All of the following conditions apply:

- Amendments to the Plan are effective upon the Plan's next anniversary date, except as otherwise permitted by law.
- SMMs to the Plan are effective on the date the Plan Sponsor specifies.
- No agent has the authority to change the Plan or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Plan.

How Does the Claims Administrator Use Information and Records?

The Claims Administrator may use your individually identifiable health information as follows:

- To administer the Plan and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

The Claims Administrator may request additional information from you to decide your claim for Benefits. The Claims Administrator will keep this information confidential. The Claims Administrator may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how the Claims Administrator may use or disclose your information is found in the Claims Administrator's *Notice of Privacy Practices*.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish the Claims Administrator with all information or copies of records relating to the services provided to you, including provider billing and provider payment records. The Claims Administrator has the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Employee's enrollment form. The Claims Administrator agrees that such information and records will be considered confidential.

The Claims Administrator has the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Plan.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the Plan, the Claims Administrator and the Claims Administrator's related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to the Claims Administrator's *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from the Claims Administrator, the Claims Administrator also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, the Claims Administrator will designate other persons or entities to request records or information from or related to you, and to release those records as needed. The Claims Administrator's designees have the same rights to this information as the Claims Administrator has.

Does the Plan Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, the Plan Sponsor may require that a Network Physician of its choice examine you at the Plan's expense.

Is Workers' Compensation Affected?

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

How Are Benefits Paid When You Are Medicare Eligible?

Benefits under the Plan are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Plan.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Plan), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if the Plan Sponsor's Plan is the secondary payer as described in *Section 7: Coordination of Benefits*, the Claims Administrator will process the Plan Sponsors payment of Benefits under the Plan as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a *Medicare Advantage* (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Plan), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When the Plan Sponsor's Plan is the secondary payer, the Claims Administrator will process the Plan Sponsor's payment of any Benefits available to you under the Plan as if you had followed all rules of the *Medicare Advantage* plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Subrogation and Reimbursement

The Plan has the right to subrogation and reimbursement. References to "you" or "your" in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the Plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation Example:

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement Example:

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the Plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- Your employer in a workers' compensation case or other matter alleging liability.

- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting the Plan's legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
 - Providing any relevant information requested by the Plan.
 - Signing and/or delivering such documents as the Plan or the Plan's agents reasonably request to secure the subrogation and reimbursement claim.
 - Responding to requests for information about any accident or injuries.
 - Making court appearances.
 - Obtaining the Plan's consent or the Plan's agents' consent before releasing any party from liability or payment of medical expenses.
 - Complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect

include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan's subrogation and reimbursement rights.

- Benefits paid by the Plan may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits under the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.
- The Plan's right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any benefits, claims or rights of recovery you have under any automobile Plan - including no-fault benefits, PIP benefits and/or medical payment benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, you acknowledge and recognize the Plan's right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- The Plan may, at its option, take necessary and appropriate action to preserve the Plan's rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your estate's name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Plan is governed by a six-year statute of limitations.
- You may not accept any settlement that does not fully reimburse the Plan, without the Plan's written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of the Plan's interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian brings a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

- If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under the Plan, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the employee, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of the Plan's discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

When Does the Plan Receive Refunds of Overpayments?

If the Plan pays Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to the Plan if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The refund equals the amount the Plan paid in excess of the amount the Plan should have paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. The Plan may have other rights in addition to the right to reduce future benefits.

Is There a Limitation of Action?

You cannot bring any legal action against the Plan or the Claims Administrator to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against the Plan or the Claims Administrator you must do so within three years of the date the Plan notified you of its final decision on your appeal or you lose any rights to bring such an action against the Plan or the Claims Administrator.

They provide stable and safe housing and the opportunity to learn how to manage activities of daily living. Please note: these living arrangements are also known as supportive housing (including recovery residences).

Unproven Service(s) - services, including medications and devices, regardless of *U.S. Food and Drug Administration (FDA)* approval, that are not determined to be effective for treatment of the medical or behavior health condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-designed randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

From time to time, the Claims Administrator issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com and liveandworkwell.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) the Claims Administrator may, at its discretion, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, the Claims Administrator must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The Claims Administrator provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

The Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available.

If you are living with a chronic condition or dealing with complex health care needs, the Claims Administrator may assign to you a primary nurse, referred to as a Personal Health Support Nurse, to guide you through your treatment. This assigned nurse will answer questions, explain options, identify your needs, and may refer you to specialized care programs. The Personal Health Support Nurse will provide you with their telephone number so you can call them with questions about your conditions, or your overall health and well-being.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Personal Health Support Nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.

Outpatient Prescription Drug Schedule of Benefits

United Healthcare Services, Inc.

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at either a Network Pharmacy or an out-of-Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service or is prescribed to prevent conception.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore your Copayment and/or Coinsurance may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that the Claims Administrator has developed. Supply limits are subject, from time to time, to the Claims Administrator's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from the Claims Administrator or the Claims Administrator's designee. The reason for obtaining prior authorization from the Claims Administrator is to determine whether the Prescription Drug Product, in accordance with the Claims Administrator's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service as defined by the Plan, or coverage is otherwise required by a mandate or regulation.
- It is not an Experimental or Investigational or Unproven Service.

The Plan may also require you to obtain prior authorization from the Claims Administrator or the Claims Administrator's designee so the Claims Administrator can determine whether the Prescription Drug Product, in accordance with the Claims Administrator's approved guidelines, was prescribed by a Specialist.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from the Claims Administrator.

Out-of-Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at an out-of-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from the Claims Administrator as required.

If you do not obtain prior authorization from the Claims Administrator before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Claims Administrator's review and change. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

If you do not obtain prior authorization from the Claims Administrator before the Prescription Drug Product is dispensed, you can ask the Claims Administrator to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. The Claims Administrator's contracted pharmacy reimbursement rates (the Claims Administrator's Prescription Drug Charge) will not be available to you at an out-of-Network Pharmacy. You may seek reimbursement from the Claims Administrator as described in this *Summary Plan Description (SPD)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from the Claims Administrator before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from an out-of-Network Pharmacy), less the required Copayment and/or Coinsurance and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Claims Administrator reviews the documentation provided and the Claims Administrator determines that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

The Claims Administrator may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under this Outpatient Prescription Drug Plan are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) or Pharmaceutical Product(s) first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

What Do You Pay?

You are responsible for paying the Annual Deductible stated in the *Schedule of Benefits* before Benefits for Prescription Drug Products under this Outpatient Prescription Drug Plan are available to you. The Plan Sponsor may not permit certain coupons or offers from pharmaceutical manufactures or an affiliate to apply to your Annual Deductible.

Benefits for Prescription Drug Products on the List of Preventive Medications are not subject to payment of the Annual Deductible.

Benefits for PPACA Zero Cost Share Preventive Care Medications are not subject to payment of the Annual Deductible.

Benefits for insulin or diabetic supplies are not subject to payment of the Annual Deductible.

You are responsible for paying the applicable Copayment and/or Coinsurance described in the Benefit Information table. You are not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

Outpatient Prescription Drug Plan

United Healthcare Services, Inc.

This portion of the Plan provides Benefits for Prescription Drug Products.

Because this section is part of a legal document, the Plan Sponsor wants to give you information about the document that will help you understand it. Certain capitalized words have special meanings. The Claims Administrator has defined these words in either the *Summary Plan Description (SPD)* in *Section 9: Defined Terms* or in this Plan in *Outpatient Prescription Drug Defined Terms*.

When the Plan Sponsor uses the words "you" and "your" the Plan Sponsor is referring to people who are Covered Persons, as the term is defined in *Section 9: Defined Terms*.

NOTE: The Coordination of Benefits provision in this *SPD* in *Section 7: Coordination of Benefits* applies to Prescription Drug Products covered through this Outpatient Prescription Drug Plan. Benefits for Prescription Drug Products will be coordinated with those of any other health plan in the same manner as Benefits for Covered Health Care Services described in the *SPD*.

Introduction Outpatient Prescription Drug Plan

Coverage Policies and Guidelines

The Claims Administrator's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Claims Administrator's behalf. The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat, or according to whether it was prescribed by a Specialist.

The Claims Administrator may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact the Claims Administrator at www.myuhc.com or the telephone number on your ID card for the most up-to-date tier placement.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by the Claims Administrator during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from the Plan as described in this *SPD* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance, and any deductible that applies.

Submit your claim to the Pharmacy Benefit Manager at the address on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Claims Administrator may direct you to a Designated Pharmacy with whom the Claims Administrator has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the out-of-Network Benefit for that Prescription Drug Product.

When Does the Claims Administrator Limit Selection of Pharmacies?

If the Claims Administrator determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, the Claims Administrator may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date the Claims Administrator notifies you, the Claims Administrator will choose a Network Pharmacy for you.

Rebates and Other Payments

The Claims Administrator and Lumen Technologies, Inc. may, at times, receive rebates for certain drugs included on the Prescription Drug List, including those drugs that you purchase prior to meeting any applicable deductible. As determined by the Claims Administrator, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Copayment and/or Coinsurance.

The Claims Administrator and a number of its affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Plan*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Plan*. The Claims Administrator is not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, the Claims Administrator may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Price Edge Cost List

The *Price Edge Cost (PEC) List* is a list of Generic Prescription Drug Products that will be covered at a price level that the Claims Administrator establishes when a Prescription Drug Product is obtained from a retail Network Pharmacy or a mail order Network Pharmacy. This list is subject to the Claims Administrator review and may change from time to time. When a Generic Prescription Drug Product is included on the *PEC List* and is dispensed by a retail Network Pharmacy or a mail order Network Pharmacy, the *PEC List* price will only apply when the *PEC List* price is the lowest cost option for the Covered Person. You may access the amount you will pay for Prescription Drug Products to be dispensed by a retail Network Pharmacy or a mail order Network Pharmacy by contacting UnitedHealthcare at www.myuhc.com or by calling the number on your ID card.

Special Programs

The Claims Administrator may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Maintenance Medication Program

If you require certain Maintenance Medications, UnitedHealthcare may direct you to the Mail Order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the directed Mail Order Network Pharmacy there will be no coverage for that drug at the retail pharmacy.

Prescription Drug Products Prescribed by a Specialist

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at either a Network Pharmacy or an out-of-Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the *Outpatient Prescription Drug Schedule of Benefits* for applicable Copayments and/or Coinsurance requirements.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service or is prescribed to prevent conception.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If you require Specialty Prescription Drug Products, the Claims Administrator may direct you to a Designated Pharmacy with whom the Claims Administrator has an arrangement to provide those Specialty Prescription Drug Products. Specialty Prescription Drug Products are not covered out-of-Network.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Prescription Drug Product.

Please see *Outpatient Prescription Drug Defined Terms* for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The *Outpatient Prescription Drug Schedule of Benefits* will tell you how Specialty Prescription Drug Product supply limits apply.

Prescription Drugs from a Retail Network Pharmacy

Benefits are provided for Prescription Drug Products dispensed by a retail Network Pharmacy.

The *Outpatient Prescription Drug Schedule of Benefits* will tell you how retail Network Pharmacy supply limits apply.

Prescription Drugs from a Retail Out-of-Network Pharmacy

Benefits are provided for Prescription Drug Products dispensed by a retail out-of-Network Pharmacy.

If the Prescription Drug Product is dispensed by a retail out-of-Network Pharmacy, you must pay for the Prescription Drug Product at the time it is dispensed. You can file a claim for reimbursement with the Claims Administrator, as described in this *SPD, Section 5: How to File a Claim*. The Plan will not reimburse you for the difference between the Out-of-Network Reimbursement Rate and the out-of-Network Pharmacy's Usual and Customary Charge for that Prescription Drug Product. The Plan will not reimburse you for any non-covered drug product.

In most cases, you will pay more if you obtain Prescription Drug Products from an out-of-Network Pharmacy.

The *Outpatient Prescription Drug Schedule of Benefits* will tell you how retail out-of-Network Pharmacy supply limits apply.

Prescription Drug Products from a Mail Order Network Pharmacy

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy.

The *Outpatient Prescription Drug Schedule of Benefits* will tell you how mail order Network Pharmacy supply limits apply.

Please contact the Claims Administrator at www.myuhc.com or the telephone number on your ID card to find out if Benefits are provided for your Prescription Drug Product and for information on how to obtain your Prescription Drug Product through a mail order Network Pharmacy.

Addendum: Health Savings Account

Introduction

This addendum to the *Summary Plan Description (SPD)*, describes some key features of the Health Savings Account (HSA) that you could establish to complement the Plan, which is a high deductible medical plan. In particular, and except as otherwise indicated, this addendum will address the Health Savings Account, and not the high deductible health plan that is associated with the "HSA". Read the *SPD, Section: Summary Plan Description (SPD)* to learn about the Benefits portion of the Plan and what Covered Health Care Services are available to you.

Lumen Technologies, Inc. ("Plan Sponsor") has entered into an agreement with United Healthcare Services, Inc. ("Claims Administrator") under which the Claims Administrator will provide certain administrative services to the Plan.

The Claims Administrator does not insure the benefits described in this attachment. Further, note that it is the Plan's intention to comply with Department of Labor guidance set forth in Field Assistance Bulletin No. 2004-1, which specifies that an HSA is not an ERISA plan if certain requirements are satisfied.

The HSA described in this section is not an arrangement that is established and maintained by Lumen Technologies, Inc. Rather, the HSA is established and maintained by the HSA trustee. However, for administrative convenience, a description of the HSA is provided in this section.

About Health Savings Accounts

You gain choice and control over your health care decisions and expenditures when you establish your HSA to complement the high deductible medical plan described in the *SPD*.

An HSA is an account funded by you, your employer, and/or any other person on your behalf. The HSA can help you to cover, on a tax free basis, medical plan expenses that require you to pay out-of-pocket, such as any applicable Copayments, Coinsurance and/or any deductibles. It may even be used to pay for, among other things, certain medical expenses not covered under the medical plan design. Amounts may be distributed from the HSA to pay non-medical expenses, however, these amounts are subject to income tax and may be subject to 20% penalty.

You have three tools you can use to meet your health care needs:

- Lumen Technologies, Inc. - UHC HDHP with Optional HSA Plan - Harvard Pilgrim Medical Plan, a high deductible medical plan which is discussed in your *SPD*.
- An HSA you establish.
- Health information, tools and support.

Benefits available under your medical plan are described in your medical plan *SPD*.

What is an HSA?

An HSA is a tax-advantaged account Participants can use to pay for qualified health expenses they or their eligible tax dependents incur, while covered under a high deductible medical plan. HSA contributions:

- Accumulate over time with interest or investment earnings.
- Are portable after employment.
- Can be used to pay for qualified health expenses tax-free.

Who Is Eligible And How To Enroll

Eligibility to participate in the Health Savings Account is described in the *SPD* for your high deductible medical plan. You must be covered under a high deductible medical plan in order to participate in the HSA. In addition, you:

- Must not be covered by any high deductible medical plan considered non-qualified by the Internal Revenue Service. (This does not include coverage under an ancillary plan such as vision or dental, or any other permitted insurance as defined by the Internal Revenue Service.)
- Must not participate in a full health care Flexible Spending Account (FSA).
- Must not be entitled to Benefits under Medicare (i.e., enrolled in Medicare).
- Must not be claimed as a dependent on another person's tax return.

Contributions

Contributions to your HSA can be made by you, by your employer and/or by any other individual. All funds placed into your HSA are owned and controlled by you, subject to any reasonable administrative restrictions imposed by the trustee.

Contributions can be made to your HSA beginning on the first day of the month you are enrolled in the Health Savings Account until the earlier of (i) the date on which you file taxes for that year; or (ii) the date on which the contributions reach the contribution maximum.

Note that if coverage under a qualified high deductible health plan terminates, no further contributions may be made to the HSA.

The contribution maximum is the single and family limits set by federal regulations. Individuals between the ages of 55 and Medicare entitlement age may contribute additional funds monthly to their HSA up to the maximum allowed by federal regulations. The maximum limits set by federal regulations may be found on the Internal Revenue Service website at www.irs.gov.

If you enroll in your HSA within the year (not on January 1) you will still be allowed to contribute the maximum amount set by federal regulations. However, you must remain enrolled in a high deductible health plan and HSA until the end of the 12th month from your initial enrollment or you will be subject to tax implications and an additional tax of 10%.

Note: Amounts that exceed the contribution maximum are not tax-deductible and will be subject to an excise tax unless withdrawn as an "excess contribution" prior to April 15th of the following year.

Reimbursable Expenses

The funds in your HSA will be available to help you pay your or your eligible dependents' out-of-pocket costs under the medical plan, including any applicable Copayments, Coinsurance and/or any deductibles. You may also use your HSA funds to pay for medical care that is not covered under the medical plan design but is considered a deductible medical expense for federal income tax purposes under Section 213(d) of the Internal Revenue Code, as amended from time to time. Such expenses are "qualified health expenses". Please see the description of *Additional Medical Expense Coverage Available With Your Health Savings Account* below, for additional information. HSA funds used for such purposes are not subject to income or excise taxes.

"Qualified health expenses" only include the medical expenses of you and your eligible tax dependents, meaning your spouse and any other family members whom you are allowed to file as dependents on your federal tax return, as defined in Section 152 of the Internal Revenue Code, as amended from time to time.

HSA funds may also be used to pay for non-qualified health expenses but will generally be subject to income tax and a 20% additional tax unless an exception applies (i.e., your death, your disability, or your attainment of age 65).

Additional Medical Expense Coverage Available with Your Health Savings Account

A complete description of, and a definitive and current list of what constitutes eligible medical expenses, is available in Internal Revenue Service Publication 502 which is available from any regional Internal Revenue Service office or Internal Revenue Service website.

If you receive any additional medical services and you have funds in your HSA, you may use the funds in your HSA to pay for the medical expenses. If you choose not to use your HSA funds to pay for any Section 213(d) expenses that are not Covered Health Services, you will still be required to pay the provider for services.

The monies paid for these additional medical expenses will not count toward your Annual Deductible or Out-of-Pocket Limit.

Using the HSA for Non-Qualified Expenses

You have the option of using funds in your HSA to pay for non-qualified health expenses. A non-qualified health expense is generally one which is not a deductible medical expense under Section 213(d) of the Internal Revenue Code. Any funds used from your HSA to pay for non-qualified expenses will be subject to income tax and a 20% additional tax unless an exception applies (i.e., your death, your disability, or your attainment of age 65).

In general, you may not use your HSA to pay for other health insurance without incurring a tax. You may use your HSA to pay for COBRA premiums and Medicare premiums.

Rollover Feature

If you do not use all of the funds in your HSA during the calendar year, the balance remaining in your HSA will roll-over. If your employment terminates for any reason, the funds in your HSA will continue to be owned and controlled by you, whether or not you elect COBRA coverage for the accompanying high deductible health plan, as described in your medical plan SPD.

If you choose to transfer the HSA funds from one account to another eligible account, you must do so within 60 days from the date that HSA funds are distributed to you to avoid paying taxes on the funds. If you elect COBRA, the HSA funds will be available to assist you in paying your out-of-pocket costs under the medical plan and COBRA premiums while COBRA coverage is in effect.

Important

Be sure to keep your receipts and medical records. However, if you cannot demonstrate that you used your HSA to pay qualified health expenses, you may need to report the distribution as taxable income on your tax return. Lumen Technologies, Inc. and the Claims Administrator will not verify that distributions from your HSA are for qualified health expenses. Consult your tax advisor to determine how your HSA affects your unique tax situation.

The Internal Revenue Service may request receipts during a tax audit. Lumen Technologies, Inc. and the Claims Administrator are not responsible or liable for the misuse by Participants of HSA funds by, or for the use by Participants of HSA funds for non-qualified health expenses.

Additional Information About the HSA

It is important for you to know the amount in your HSA account prior to withdrawing funds. You should not withdraw funds that will exceed the available balance.

Upon request from a health care professional, the Claims Administrator and/or the financial institution holding your HSA funds may provide the health care professional with information regarding the balance in your HSA. At no time will the Claims Administrator provide the actual dollar amount in your HSA, but

they may confirm that there are funds sufficient to cover an obligation owed by you to that health care professional. If you do not want this information disclosed, you must notify the Claims Administrator and the financial institution in writing.

You can obtain additional information on your HSA online at www.irs.gov. You may also contact your tax advisor. Please note that additional rules may apply to a Dependent's intent to opening an HSA.

Addendum: Post Deductible Health Reimbursement Account (HRA) for HDHP

If you elect the HDHP and had a balance in your CDHP Health Reimbursement Account (HRA) these funds will follow you.

A post deductible HRA is an account that reimburses claims once the annual deductible has been met under a qualified HDHP for the Plan Year. The Post Deductible HRA funds will be used to reimburse medical and pharmacy expenses. These claims will automatically roll over to your Post Deductible HRA.

IRS regulations prevent participants enrolled in a HDHP with a Health Savings Account (HSA) to have other first dollar coverage.

If you need to be reimbursed from your HRA funds submit a reimbursement form, called Request for Withdrawal Form which is available online at www.myuhc.com. You must include proof of the expenses incurred such a bill, invoice, or an Explanation of Benefits (EOB) from your group medical plan under which you are covered. An EOB will be required if the expenses are for services usually covered under group medical plans, for example, charges by surgeons, doctors, and hospitals.

To make sure the Claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare HRA claims submittal address:

Health Care Account Service Center
PO Box 981506
El Paso, TX 79998-1506

NOTE: HRA funds are forfeited upon termination unless you are eligible for Lumen Retiree healthcare. If you are eligible for Retiree healthcare, see additional information in the Retiree HRA SPD.

Reward Redemption. Rewards may be redeemed as deposits to your Health Savings Account (HAS) or as gift cards, subject to applicable terms and conditions. You have up to 120 days after the end of the plan year to request your rewards. Once you are no longer an active employee or eligible for the Plan for any reason (i.e. termination, retiree, LTD, COBRA, leave the US, etc.) or your eligible Spouse/Domestic Partner are no longer covered by the Plan, your wellness rewards cannot be redeemed after the last day of the month in which you or your Spouse/ Domestic Partner's coverage or employment with Lumen ends.

Gift Cards. Rewards are earned and redeemed for a variety of gift cards that are displayed online. You can either request an eGift Card or a plastic Visa gift card. You are taxed on the value of the card at the time the card is redeemed not at the time you actually use it as a transaction. Except where prohibited by law, a Monthly Fee of \$2.50 per month will be applied to the remaining balance of this Card after the 12th month following the date of activation.

You have up to 120 days after the end of the plan year to request your gift cards as they will be considered as forfeited at that time. Once you have selected your gift card, the value and expiration of the gift card is based on the terms and conditions of that retailer's rules.

Tax Implications. Employees will continue to have the option to receive earned wellness rewards as a deposit to their Health Savings Account (HSA) or through gift cards. The IRS considers Wellness Rewards taxable income **EXCEPT** for wellness rewards deposited into an HSA.

Reward dollars are taxable and will appear on your paycheck and W-2 statement. You are responsible for any tax consequences or liabilities incurred in connection with any incentive rewards received from your Employer.

Note: For a current list of eligible wellness activities and details on how to earn and redeem rewards, please visit the well-being rewards program page on InsideLumen or lumen.com/wellbeing.

Important Notices under the Patient Protection and Affordable Care Act (PPACA)

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the *Summary Plan Description (SPD)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below. These changes will apply to any "non-grandfathered" plan. Contact your Plan Administrator to determine whether or not your plan is a "grandfathered" or a "non-grandfathered plan". Under the *Patient Protection and Affordable Care Act (PPACA)* to be grandfathered a plan must have been in effect on March 23, 2010 and had no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans* at that time (among other requirements).

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:
 - Ambulatory patient services; emergency services; hospitalization; laboratory services; maternity and newborn care; mental health care and substance-related and addictive disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; preventive and wellness services and long-term disease management; and pediatric services, including oral and vision care.
- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.
- Essential health benefits for plan years beginning on or after January 1, 2014 cannot be subject to annual or lifetime dollar limits.
- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. As of September 23, 2010, if you have a grandfathered plan, the group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by

law). For plan years beginning January 1, 2014 and beyond, Grandfathered plans are required to cover dependents up to age 26, regardless of their eligibility for other employer sponsored coverage.

On or before the first day of the first plan year beginning on or after September 23, 2010, the group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26. During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.

- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:

Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the plan is subject to the statute known as *Michelle's Law*. This law amends *ERISA*, the *Public Health Service Act*, and the *Internal Revenue Code* and requires group health plans, which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or injury.

- If you do not have a grandfathered plan, network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, Coinsurance or Copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, Coinsurance or Copayment, as required by applicable law under any of the following:
 - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
 - Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
 - With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
 - With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.
- Retroactive rescission of coverage under the plan is permitted, with 30 days advance written notice, only in the following two circumstances:
 - The individual performs an act, practice or omission that constitutes fraud.
 - The individual makes an intentional misrepresentation of a material fact.
- Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these benefits. These include:
 - Direct access to OB/GYN care without a referral or authorization requirement.
 - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
 - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (Copayments/Coinsurance) will be the same as would be applied to care received from network providers.

Effective for plans that are new or renewing on or after January 1, 2014, the requirements listed below apply:

If your plan includes coverage for Clinical Trials, the following applies:

The clinical trial benefit has been modified to distinguish between clinical trials for cancer and other life threatening conditions and those for non-life threatening conditions. For trials for cancer/other life threatening conditions, routine patient costs now include those for covered persons participating in a preventive clinical trial and Phase IV trials. This modification is optional for certain grandfathered health plans. Refer to your plan documents to determine if this modification has been made to your plan.

Pre-Existing Conditions:

Any pre-existing condition exclusions (including denial of benefit or coverage) will not apply to covered persons regardless of age.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the *Patient Protection and Affordable Care Act of 2010 (PPACA)*, as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or *UnitedHealthcare* for more information on the appeal rights available to you. (Also, please refer to the *Claims and Appeal Notice* section of this document.)

What if I receive a denial, and need help understanding it? Please call the Claims Administrator at the number listed on your health plan ID card.

What if I don't agree with the denial? You have a right to appeal any decision to not pay for an item or service.

How do I file an appeal? The first denial letter or *Explanation of Benefits* that you receive from the Claims Administrator will give you the information and the timeframe to file an appeal.

What if my situation is urgent? If your situation is urgent, your review will take place as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call the Claims Administrator at the number listed on your health plan ID card.

Generally, an urgent situation is when your health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be controlled while you wait for a decision on your appeal.

Who may file an appeal? Any member or someone that member names to act as an authorized representative may file an appeal. For help call the Claims Administrator at the number listed on your health plan ID card.

Can I provide additional information about my claim? Yes, you may give the Claims Administrator additional information supporting your claim. Send the information to the address provided in the first denial letter or *Explanation of Benefits*.

Can I request copies of information relating to my claim? Yes. There is no cost to you for these copies. Send your request to the address provided in the first denial letter or *Explanation of Benefits*.

What happens if I don't agree with the outcome of my appeal? If you appeal, the Claims Fiduciary will review its decision. The Claims Fiduciary will also send you its written decision within the time allowed. If

you do not agree with the decision, you may be able to request an external review of your claim by an independent third party. If so, the Claims Fiduciary will review the denial and issue a final decision.

If I need additional help, what should I do? For questions on your appeal rights, you may call the Claims Administrator at the number listed on your health plan ID card for assistance. You may also contact the support groups listed below.

Are verbal translation services available to me during an appeal? Yes. Call the Claims Administrator at the number listed on your health plan ID card. Ask for verbal translation services for your questions.

Is there other help available to me? For questions about appeal rights, an unfavorable benefit decision, or for help, you may also call the *Employee Benefits Security Administration* at 1-866-444-EBSA (3272). Your state consumer assistance program may also be able to help you.

If your plan includes coverage for Mental Health Care or Substance - Related and Addictive Disorder Services, the following applies:

Mental Health Care/Substance-Related and Addictive Disorder Services Parity

Effective for grandfathered and non-grandfathered large group Plans that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the *Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)*. Benefits for mental health care conditions and substance-related and addictive disorder conditions that are Covered Health Care Services under the Plan must be treated in the same manner and provided at the same level as Covered Health Care Services for the treatment of other Sickness or Injury. Benefits for Mental Health Care Services and Substance-Related and Addictive Disorders Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for Coinsurance and Copayments for mental health care and substance-related and addictive disorder conditions must be no more restrictive than those Coinsurance and Copayment requirements for substantially all medical/surgical benefits. *MHPAEA* requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health care and substance-related and Addictive disorder benefits. Based upon the results of that testing, it is possible that Coinsurance or Copayments that apply to mental health care conditions and substance-related and addictive disorder conditions in your benefit plan may be reduced.

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Plan are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Care Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed,
- Surgery and reconstruction of the other breast to produce a symmetrical appearance,
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Care Services (including Copayments, Coinsurance and any deductible) are the same as are required for any other Covered Health Care Service. Limitations on Benefits are the same as for any other Covered Health Care Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization. For information on prior authorization, contact your issuer.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from the Claims Administrator within 30 days of receipt of the claim, as long as all needed information was provided with the claim. The Claims Administrator will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, the Claims Administrator will notify you of the denial within 30 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Plan, you may submit a claim for reimbursement according to the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement according to the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

If you filed a pre-service request for Benefits improperly, the Claims Administrator will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, the Claims Administrator will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. If you first informally contact the Claims Administrator and later wish to request a formal appeal in writing, you should again contact the Claims Administrator and request an appeal. If you request a formal appeal, a representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact the Claims Administrator, immediately.

How Do You Appeal a Claim Decision?

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact the Claims Administrator in writing to formally request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your denial of pre-service request for benefits or a first appeal request must be submitted to the Claims Administrator within 180 days after you receive the denial of pre-service request for benefits or a claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. The Claims Administrator may consult with, or ask medical experts to take part in the appeal resolution process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information related to your claim for Benefits. If any new or additional evidence is relied upon or

generated by the Claims Administrator during the determination of the appeal, the Claims Administrator will provide it to you free of charge in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as shown above, the first level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.

The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures related to with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to the Claims Administrator within 60 days from receipt of the first level appeal decision.

Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of the Claims Administrator's decision is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call the Claims Administrator at the number listed on your health plan ID card. Generally, an urgent situation is when your life or health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your claim or appeal. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call the Claims Administrator as soon as possible.
- The Claims Administrator will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If the Claims Administrator needs more information from your Physician to make a decision, the Claims Administrator will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Statement of Employee Retirement Income Security Act of 1974 (ERISA) Rights

As a participant in the plan, you are entitled to certain rights and protections under the *Employee Retirement Income Security Act of 1974 (ERISA)*.

Receive Information about Your Plan and Benefits

You are entitled to examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series), if applicable, filed by the plan with the *U.S. Department of Labor* and available at the *Public Disclosure Room* of the *Employee Benefits Security Administration*.

You are entitled to get, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), if applicable, and updated *Summary Plan Description*. The Plan Administrator may make a reasonable charge for the copies.

Continue Group Health Plan Coverage

You are entitled to continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the plan due to a qualifying event. You or your Dependents may have to pay for such coverage. The Plan Sponsor is responsible for providing you notice of your *Consolidated Omnibus Budget Reconciliation Act (COBRA)* continuation rights. Review the *Summary Plan Description* and the documents governing the plan on the rules governing your *COBRA* continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, *ERISA* imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under *ERISA*.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to get copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under *ERISA*, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day (subject to adjustment based on inflation) until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, and if you have exhausted the claims procedures available to you under the Plan, you may file suit in a state or Federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the *U.S. Department of Labor*, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under *ERISA*, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the *Employee Benefits Security Administration, U.S. Department of Labor* listed in your telephone directory or the *Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor*, 200 Constitution Avenue, N.W., Washington, D.C. 20210. You may also get certain publications about your rights and responsibilities under ERISA by calling the publication hotline of the *Employee Benefits Security Administration*.
